Project Description

The Charles Drew Homeless Clinic is a satellite clinic of Charles Drew Health Center, Inc. The clinic operates out of two sites: the Siena-Francis Homeless Shelter, the only daytime shelter in Omaha, and the Catholic Charities Campus for Hope Drug and Alcohol Treatment Center.

Services

Primary health care services are delivered onsite by a physician assistant under the direction of an internal medicine physician. Medical services that can not be provided at the homeless clinics are provided at the Charles Drew Health Center Main Facility, and/or referrals are made to appropriate providers in the community.

Linkages

Through coordination and collaboration with other community providers, CDHC is able to enhance the level of services available to individuals who are homeless. Linkages include Community Alliance for mental health services, Catholic Charities for substance abuse services, Douglas Co. Primary Health Care, Omaha Continuum of Care, and Project Hope Medical Outreach.

Statistics

Estimated homeless population: 2,000 Project users: 938
